Verdict for Dr. Pierce

AGAINST THE

Ladies' Home Journal.

Sending truth after a lie. It is an old maxim that "a lie will travel seven leagues while truth is getting its boots on," and no doubt hundreds of thousands of good people read the unwarranted and malicious attack upon Dr. R. V. Pierce and his "Favorite Prescription" published in the May (1904) number of the Ladies' Home Journal, with its great black display headings, who never saw the humble, groveling retraction, with its inconspicuous heading, published two months later. It was boldly charged in the slanderous and libelous article that Dr. Pierce's Favorite Prescription, for the cure of woman's weaknesses and ailments, contained alcohol and other harmful ingredients. Dr. Pierce promptly brought suit against the publishers of the Ladies' Home Journal, for $200,000.00 damages.

Dr. Pierce alleged that Mr. Bok, the editor, maliciously published the article containing such false and defamatory matter with the intent of injuring his business; furthermore, that no alcohol, or other injurious, or habit-forming, drugs are, or ever were, contained in his "Favorite Prescription"; that said medicine is made from native medicinal roots and contains no harmful ingredients whatever; and that Mr. Bok's malicious statements were wholly and absolutely false. The retraction printed by said Journal they were forced to acknowledge that they had obtained analyses of "Favorite Prescription," from eminent chemists, all of whom certified that it did not contain alcohol or any of the alleged harmful drugs.

These facts were also proven in the trial of the action in the Supreme Court. But the business of Dr. Pierce was greatly injured by the publication of the libelous article with its great display headings, while hundreds of thousands who read the wickedly defamatory article never saw the humble groveling retraction, set in small type and made as inconspicuous as possible. The matter was, however brought before a jury in the Supreme Court of New York State which promptly rendered a verdict in the Doctor's favor. Thus his traducers came to grief and their base slanders were refuted.

Heart Strength

Heart Strength, or Heart Weakness, means Nerve Strength, or Nerve Weakness—nothing more. Positively, not one weak heart in a hundred is, in itself, actually diseased. It is almost always a hidden tiny little nerve that really is all at fault. This obscure nerve—the Cardiac, or Heart Nerve—simply needs, and must have, more power, more stability, more controlling, more governing strength. Without that the Heart must continue to fail, and the stomach and kidneys also have these same controlling nerves.

This clearly explains why, as a medicine, Dr. Shoop's Restorative has in the past done so much for weak and ailing Hearts. Dr. Shoop first sought the cause of all this painful, palpitating, suffocating heart distress. Dr. Shoop's Restorative—this popular prescription—is alone directed to these weak and wasting nerve centers. It builds it strengthens; it offers real, genuine heart help.

If you would have strong Hearts, strong digestion, strengthen these Nerves—re-establish them as needed, with

DISORDER IN NEW YORK.

More of what have come to be seriously known at New York police headquarters as "near" crimes against girls were followed by nearer lynchings yesterday. Out of the score of complaints that reached the police, a half dozen demanded serious attention.

Led by a woman who, alternately, in Italian and broken English, cried "Avenge my daughter!" a reckless crowd of perhaps 2,000 persons last night stormed the Fourteenth street car barns of the Metropolitan Street Railway Company, where a policeman had sought refuge with a seriously pummeled prisoner. Paul Sorgerato, a Greek peddler, thirty years of age, had made the mistake, so it is charged, of kissing Grace Josco, an Italian, of eleven years.

A shrill cry from the girl and an impassioned appeal by the mother put the foreigners of the neighborhood in a rage, and as the Greek took to his heels, a crowd pursued. When a block had been covered Sorgerato stumbled and fell, and the mob was upon him. Kicked nearly senseless, the Greek, a powerful man, nevertheless gained his feet, only to be knocked down again.

By this time some one had snatched a clothesline from the window of a grocery store, and the rioters attempted to put a noose over the offender's head. Only the overeagerness of each rioter to have a hand in the lassooing saved the peddler's neck. During the confusion a policeman arrived and clubbed his way to the endangered man. For a moment the crowd fell back, and within that time the officer had dragged his man to the near-by car barns. Concealing his prisoner in a car, the officer awaited assistance, while the rioters threw themselves against the doors in an effort to force an entrance. Police reserves stood off the mob while the Greek was hustled into a patrol wagon.

Through a crowd that cried "Kill him!" "Lynch him!" the police fought their way to the nearest station house. Sorgerato was in bad shape, but it was deemed inadvisable to attempt his removal to a hospital during the excitement. His eyes were blackened, his nose broken, scalp torn, face lacerated, and his body black with bruises.

Cheated of their man, the crowd vented its fury on Gaston Keriskell, an unoffending workman, homeward bound. As he was passing the rioters, a boy pointed him out, at the same time yelling, "That's the man's friend. He was there, too." Keriskell was pounded until he was unconscious. The police reserves finally got the injured man and removed him to a hospital.

Edward Pratt, a millwright, forty-six years old, had a somewhat similiar experience late yesterday afternoon in west Fifty-seventh street. Nellie and Helen Farrell, each about ten years old, accused Pratt of improper remarks. He was frightfully mauled before rescued from a mob by the police.

Neighbors Got Fooled.

"I was literally coughing myself to death, and had become too weak to leave my bed; and neighbors predicted that I would never leave it alive; but they got fooled, for thanks be to God, I was induced to try Dr. King's New Discovery. It took just four one dollar bottles to completely cure the cough and restore me to good sound health," writes Mrs. Eva Uncapher, of Grovertown, Stark Co., Ind. This King of cough and cold cures, and healer of throat and lungs, is guaranteed by E. S. Leadbeater & Sons, druggists. 50c and $1.00. Trial bottle free.

KNIGHTS OF COLUMBUS.

Five thousand Knights of Columbus were welcomed to Virginia soil yesterday by Lieutenant Governor J. Taylor Ellyson, when the twenty-fifth national convention of the order convened in Norfolk. A grand pontifical high mass at St. Mary's Catholic Church, presided over by Monsignor Falconio, papal delegate to the United States, was the opening feature. The celebrant was Bishop Kelley, of Savannah, Ga., and the sermon was by Bishop Donohue, of Wheeling, W. Va.

The formal opening of the convention followed the conclusion of the mass. Lieutenant Governor Ellyson was given an ovation by the assemblage of knights when he arose to welcome them to the city of Norfolk. Supreme Knight Edward L. Hearn, of New Haven, Ct., made the response, and Secretary T. G. Shepard, of the Jamestown Exposition, also spoke.

The business sessions began late yesterday afternoon at the Pine Beach Hotel, where the assembly will be in session through Friday. After a short session yesterday the convention adjourned until today, when a business meeting will be followed by a fish fry at Cape Henry. A banquet will be held at the Chamberlin Hotel on the following night.

Friday will be Knights of Columbus Day at the Exposition and will be marked by a review and a number of exercises. Monsignor Falconio, papal delegate to the United States, will be escorted by a reception committee of 50 to the Auditorium building, where the exercises will take place.

G. T. Sheppard will preside at these exercises and present Hon. Harry St. George Tucker, president of the Jamestown Exposition Company, who will welcome the Knights of Columbus to the Exposition. An address of welcome on behalf of the Commonwealth of Virginia will be made by Governor Claude A. Swanson. The response will be made by Hon. Edward L. Hearn, supreme knight, of New Haven, Conn. Words of welcome to his excellency, Monsignor Falconio, papal delegate to the United States, will also be delivered by Mr. Hearn, supreme knight. Monsignor Falconio will respond.

SOUTHERN RAILWAY CASE.

Vice President Russell, of the Mobile and Ohio Railway, representing President Finley, of the Southern, had an interview with Gov. Comer in Montgomery, Ala., yesterday in regard to the Southern Railway revocation of license case, which will be followed by another later. The governor would not say what had been done or whether an agreement had been discussed. He said that everything was very cordial and that the matter would be gone into further.

It is understood that the conference was arranged by Senator-elect Joseph F. Johnston, and that he is helping in every way possible to bring about a settlement of the situation.

The grand jury of Perry county, Ala., yesterday returned an indictment against the Southern Railway Company for doing business as a foreign company without a license.

Interest has been aroused by the announcement in Birmingham, Ala., that the Nashville, Chattanooga and St. Louis Railway, a subsidiary of the Louisville and Nashville, through local attorneys, has filed application at Gadsden to move a case from the State to the federal court of the northern Alabama district.

To contradict certain talk and to put the consuming public in possession of the truth, we say in plain words that no one in this town can sell as good coffee as Arbuckles' Ariosa for as little money.

Misbranded and make-believe Mocha and Java, or coffee sold loose out of a bag or a bin, is not as good value for the money, nor can it be sold at as narrow profit, nor reach the consumer under as favorable conditions.

When you buy Arbuckles' Ariosa Coffee you get more than 16 net ozs. of straight, wholesome Brazilian coffee from the largest coffee firm in the world, with that firm's direct assurance that they are giving you the best coffee in the world for the money.

ALEXANDRIA GAZETTE AND VIRGINIA ADVERTISER

WEDNESDAY EVENING, AUG. 7, 1907.

THE New York Tribune gives a very good reason for reducing the Dingley tariff in that it is piling up unneeded revenue in the treasury. This should be a sufficient spur to revision. There is, however, a more urgent reason that the Tribune does not urge. The tariff puts a far greater yearly surplus in the pockets of the steel trust, the sugar trust and other favored monopolies than it contributes to the federal treasury. Consumers are deprived thereof without any resulting benefit. Still, it is fine, it is encouraging to have the foremost champion of protective duties go a part of the way in advocating a needed but belated relief. The Tribune says.

It is apparent that the Dingley tariff is now producing a larger revenue than the country needs, and this condition, though not embarrassing for a year or two, should not be permitted to become chronic. There is no economic excuse for collecting unnecessary taxes or piling up a surplus simply for the purpose of distributing it among the banks in the form of non-interest bearing deposits. A plethoric treasury invites extravagance in legislation, and the ideal in fiscal administration is to balance as nearly as possible national needs and income. We can go along for a year or two with an ill-adjusted budget. But some modification of our present tax laws will be imperative by 1909 or 1910. Public opinion does not incline toward decreasing the internal taxes on spirits, malt liquors and tobacco. But if these are to be maintained the customs schedules must be revised, both with a view to modernizing them and redistributing the protection which they afford and with a view to decreasing customs revenues. Thus both political and administrative considerations unite to suggest the wisdom of revising the tariff in 1900.

OVER THIRTY merchants and business men of Petersburg, Va., were fined in the Mayor's Court Monday for failure to comply with the provisions of the ordinance relative to the placing of trash and garbage on the sidewalks for removal. The ordinance went into effect on the 1st of August, and requires that all such trash and garbage shall be inclosed in covered receptacles and put upon the sidewalk on certain days of the week. The fault with the people summoned into court was that some of them had put out their trash in boxes, some in barrels and others in various kinds of receptacles, all uncovered. Many of those fined had never read the ordinance, and were ignorant of its provisions. Officials of all cities have more or less trouble in enforcing sanitary laws, or ordinances which have for their object cleanliness on the part of citizens. It would seem that all residents of cities should vie in endeavoring to prevent anything unsightly appearing in the streets, but, unfortunately, this is not the case, and a large percentage wait for the strong arm of the law to force them to observe reasonable regulations.

AS ANTICIPATED payment by the consumer of the fine of $29,240,000 assessed against the Standard Oil Company by Judge Landis is now being planned, according to the information received at Cleveland by Secretary D. E. Chamberlin, of the National Petroleum Association, an organization of the independent oil refineries of the United States. Mr. Chamberlin avers that within 30 days the Standard Oil Company will put into effect an average increase of ten per cent. on all grades of petroleum. This, he says, will be swelled to approximately 25 per cent. within the year. This statement was made following a conference with President William R. Wall, president of the Independents' Association, and Mr. Chamberlin believes that the fine will be paid in this manner by the consumers within the year without a decrease in the trust's dividends, as the Standard Oil Company at the present time controls 85 per cent. of the annual output of 14,000,000 barrels in the United States.

IT HAS for years past been the proud boast of the big trusts that by means of combinations the prices of their wares were reduced and that thereby the public at large was benefitted. The Standard Oil Company has claimed that it has reduced the price of oil; that it has been a benefit to the consumer, and that only a great combination like the Standard could have furnished oil at the prices that have prevailed. Each one of these claims is disproved by the report of the Bureau of Corporations on the investigation of the oil industry, which report goes further and shows that the Standard has taken advantage of every one of its opportunities to advance the price of oil. Trusts are not out for their health but for the swag.

THE CONTROVERSY that has been going on for some time between the coal producing companies in the anthracite region and the officials of Lackawanna, Luzerne and Schuylkill counties, Pa., over the question of coal land taxation has about reached a climax, and, unless the courts interfere, the companies will be compelled to pay more taxes this year. The interest of the general public in the matter is whether the companies will raise the price of coal at the mines in case they are forced to pay the increased assessment. It is in the power of the coal companies to do so and it is greatly feared that they will take such a step.

From Washington.

[Correspondende of the Alexandria Gazette.]

Washington, Aug. 7.

There is no further any doubt that the federal grand jury at Chicago, when it assembles August 14, will inquire particularly into E. H. Harriman's management of the Chicago and Alton at the time it is charged the concern granted thousands of rebates to the oil trust. The belief is becoming more firmly established each day that the criminal prosecution of Harriman, Rockefeller and other high railroad and oil officials will follow as a result of the recent disclosures in Chicago and the attitude of the offending interests. It is no secret in financial or government circles that the Harriman and Standard Oil interests were almost identical in many leading enterprises. Evidence has been placed in the possession of the Department of Justice that Harriman was chairman of the executive committee of the Chicago and Alton long before the rebating period now under investigation. Although the announced purpose of the grand jury is to take up the Chicago and Alton phase of the oil rebating, the hint is dropped here that the inquiry will be much broader in scope.

"I am about to put on a new act, and want to wear red, white, and blue tights. The shirt and lower part will be red and white, and the trunk of blue, with white stars. Has there ever been any legislation against such a uniform?" Thus wrote a New York vaudeville actress to the Department of Commerce and Labor. Chief Terence V. Powderly, of the division of information, to whom the missive was referred, replied that he was unable to supply the desired information.

In connection with the recent seizure of the American schooner Alert, by the Canadian authorities for trap net fishing in the Gulf of St. Lawrence without a proper license, British Ambassador Bryce has sent a note to the State Department, which, it is said, emphasizes the friendly attitude assumed by the Dominion government, in the settlement of disputes with this country. The Alert was released at once and the ambassador says that the action in arresting were taken in self defense. In order to prevent any friction in the future, and as a result of correspondence by the British government with that of Canada, instructions have been sent to the authorities not to interfere with trap nets set by American fishermen, in cases where a license would not be refused to a British fisherman, even though the special license has not already been taken out. The State Department regards this as a most moderate and satisfactory outcome of the case.

The State Department has instructed Minister Russell, at Caracas, to urge upon the Venezuelan government the plan of submitting to The Hague, or some other tribunal of arbitration, the five American claim cases which have been the subject of so much correspondence between the two countries during the last few years. These are the claims of the New York and Bermudez Asphalt Company, the Orinoco Steamship Company, the Orinoco Corporation, and the individual cases of Jaurett and Critchfield. If this fails, the ineffectual efforts of the State Department to bring Castro's government to terms by peaceful means will be reported to the United States Congress next winter for such action as it may see fit to take. The probabilities are that Congress will be asked to authorize the use of force to compel Venezuela to do justice to those American citizens and companies.

Chairman James M. Griggs, of Georgia, of the democratic congressional committee, says Bryan can have the nomination for the presidency if he wants it. "The West and South will be for the Nebraskan," he declared today, "and even though the East may object, those two sections will be powerful enough in the convention to overcome its opposition. Should Bryan conclude not to be a candidate again, the South will probably furnish the nominee. We have some excellent and acceptable men to choose from, among whom are Senator Culberson, of Texas; Senator Daniel, of Virginia, and Representative John Sharp Williams, of Mississippi."

Rear Admiral Evans from the flagship Connecticut, which is having her speed trial on the Rockland, Maine, course, reported to the Navy Department today that Lynn M. Turner, fireman of the first class, was accidentally killed by a bucket full of ashes falling on his head. Turner was transferred from the battleship Ohio to the Connecticut only recently. He enlisted at Omaha, Neb., in December, 1906. His father, Wm. R. Turner, lives at Valley, Neb.

Today's treasury statement is: Receipts, $2,320,630; expenditures, $1,810,000.

NO STRIKE DECLARED.

There is a delay on the part of the labor leaders in Washington in declaring the general strike on which they had so vigorously determined last Saturday. It is stated that committees of the labor leaders are calling upon members of the employers' association, which last Saturday refused to meet a committee of the labor leaders, and that an effort is being made to obtain the consent of the employers, individually, to a pledge to employ only union labor and thus establish the closed shop, which is now said to be in the sole issue.

In any event the strike has not yet been declared and there is no definite indication that the general strike will be ordered. The employers' association has opened an employment agency, where all men seeking work are directed to members of the association, who have registered applications for workmen. It is stated that the prominence given to the labor troubles in Washington by the presence there in conference of the leaders of the national and international unions, has taken to Washington more mechanics than there is now work for.

The employers insist that they have all the men they need. It is stated that one builder, who is building twenty houses where union carpenters and plumbers are employed, yesterday employed non-union plasterers in order to bring matters to a crisis, and practically made it impossible for his union men to remain at work.

There was another shower of rain yesterday evening.

Angry men and women formed a mob which threatened to lynch Walter McCracken, a carpenter, who Monday evening approached in Cleveland, Ohio, with insults, the police say, two little girls. As a half dozen men held McCracken to the ground and were beating him with whips and kicking him with their feet, others were searching for a rope. The arrival of the wagonload of policemen called out under a riot summons saved McCracken's life. He was quickly hustled into the patrol wagon and locked up in safety from the mob.

A lynching was narrowly averted at Conover, N. C., yesterday afternoon, the mob's intended victim being a negro named Yanks Petree. Petree attempted to assault Mrs. Emma Sigmon, a prominent white woman, at Catawba Springs yesterday, and after fleeing a short distance was caught by Mr. Sigmon and another man. A crowd had him in charge when a man in a buggy arrived on the scene and persuaded the men to let him take the negro to Newton jail. MRS. McCUEN RELEASED.

Mrs. Jack McCuen was yesterday exonerated of the charge of being an accessory to the murder of her husband, Jack McCuen, who was shot and killed by Harvey Keys in Fairfax county Saturday night, July 27th.

Mrs. McCuen was released at the conclusion of the preliminary hearing before Magistrate R. R. Farr when Commonwealth's Attorney C. Vernon Ford, in open court, made a statement that he had failed in the course of his investigation to discover sufficient evidence sustaining the charges placed against the accused woman. It was his desire to withdraw the charge, and upon his recommendation Magistrate Farr signed an order releasing her from custody.

Harvey Keys, through his counsel, waived commitment trial, and he was remanded to jail to await the action of the grand jury.

Several friends of Harvey Keys declare that an effort would be made to secure his release on bail. Mr. Ford, however, is opposed to his release, and will fight any effort in that direction.

When Jack McCuen and his wife came to Fairfax July 27th to visit with the Keys, the friendliest feeling existing between the two families. On the night of the killing, Harvey Keys, Mrs. McCuen and an aunt of the Keys were left together at home, while Eppie Keys and Jack McCuen went for some beer. Some of them, it is said, had been drinking during the evening. Jack McCuen and Eppie Keys returned later. A few minutes after entering the home, McCuen and Harvey Keys engaged in a bitter quarrel. They went into the yard and there had a desperate fight. Soon a pistol was heard, and McCuen was found dead, with a bullet wound through his breast. The members of the family deny that the difficulty grew out of jealousy. They say that McCuen was intoxicated and drew the revolver on Keys, and that the weapon was discharged when Keys tried to wrench it away from his adversary's grasp.

YOUNG WOMAN ILL-TREATED.

Anna Kiel, twenty-seven years old, daughter of a prominent farmer living near Wadsworth, Ohio, was attacked while on her way to a street car line yesterday by an unknown man, and after being terribly bruised and cut was tied to a tree where she was found several hours later by a passerby. The condition of the young woman is critical and fears are entertained for her recovery. She was unable to give a coherent account of the assault. Several hours after she was found a tramp was captured and brought to Wadsworth. He refuses to give his name or explain his presence in the vicinity. Great excitement prevails, and as soon as her condition will warrant the tramp will be brought before Miss Kiel with a view to possible identification.

Today's Telegraphic News.

Order Restored in Morocco.

Tangier, Morocco, Aug. 7.—Two hundred and fifty sailors and soldiers from the warships now guard Casablanca. Order has been temporarily restored. With rapid fire guns the foreigners now guard every available point. It is believed outbreaks can be prevented.

The outskirts of Casablanca were shelled after fighting in the city had ceased, it is stated, at the request of the military commander, who confessed his inability to restore order. The armed Moors were driven out.

One dispatch from Tangier says the military commander has surrendered to the French consul a number of Moors accused of instigating the attack on the landing party from the French cruiser Galilee. They are held prisoners and have been threatened with instant death if there is another outbreak.

Alarming news has reached here from Mazagan saying foreigners there are threatened. The steamer Emir was sent last night to take off all the foreigners.

Paris, Aug. 7.—France has sent a note to all the powers making plain her position in the Moroccan crisis. Most important is the announcement that the policing for Casablnaca will be undertaken immediately, jointly with Spain, as provided for by the Algeciras conference. The note states France's determination to maintain the authority of the Sultan of Morocco and the integrity of his empire.

It was announced today that M. Thompson, Minister of Marine, will return to Paris tonight owing to the seriousness of the Moroccan situation

London, Aug. 7.—Full credit for preventing a terrible massacre of foreigners in Casablanca is given the French seamen landed from the warships by the correspondent of the Times at Tangier. In the face of the overwhelming numbers the Frenchmen, with the greatest courage, fought desperately and ultimately put the Moors to flight.

According to the correspondent the sailors were tricked by Moors. When the first detachment of sailors was landed by the Galilee the gates of the city were closed behind them. Trapped they were attacked by the natives. A bayonet charge cleared away for sailors, the seamen literally forcing their way over the bodies of the fallen Moors.

Mob Spirit in New York.

New York, Aug. 7.—Failing utterly to check New York's unprecedented wave of crime, the police today in effect has constituted itself a rescue service for the purpose of saving alleged fiends from death at the hands of mobs. Five cases of mob violence, in every case led by mothers of the children attacked, kept the department busy today.

In all parts of the city the mob spirit seems to be stronger than ever before and the cry of "kill the brute!" will bring hundreds of men ready to do the work.

When Paul Sorgerato seized eleven-year-old Grace Joso in east Fourteenth street he was set upon by a mob that placed a rope about his neck and beat him nearly to death. When he escaped and fled to a car barn it was stormed by the mob demanding his life. The little girl's mother led the mob. The police reserves beat back the crowd. Four other men were rescued from mobs by policemen.

New York, Aug. 7.—Gaston Kerchal, a young Greek, is dying in Bellevue Hospital today, an innocent victim of New York's crime wave dementia. He was walking along east Fourteenth street when he approached a crowd of men and women discussing an attack upon a small girl. "There's the brute!" yelled some one. Without giving him the least chance to explain he was beaten until he fell unconscious. A policeman dragged Kerchal into a hallway and held the mob off until reserves arrived. Kerchal's skull was fractured and it is probable that he will die without knowing why he was attacked.

Terrible Railway Disaster.

Berlin, Aug. 7.—An express train bound to Berlin, from Hamburg, collided with a freight today, at Tremessen, and was smashed to kindling wood, with fifty casualties. Details of the accident are lacking. Several Americans and English are reported among the victims.

Twenty bodies have been removed from the wreckage, but the debris is only half cleared away.

Owing to the great confusion and the crowds gathered about the scene it has been impossible for the minister of railroads and his agents to obtain an accurate estimate of the injured. The trains were going at high speed when they collided. The force of the impact was shown by the manner in which the two locomotives were demolished and hurled from the tracks. The coaches were piled one above the other.

The suffering of those caught in the wreckage was so horrible that it was difficult for the rescuers to continue their work.

The head of a little girl, apparently severed by a heavy piece of broken glass, was found fifty yards from the track. The features were scarcely bruised.

Under Military Occupation.

Belfast, Ireland, Aug. 7.—This city is under military occupation today. A fresh outbreak of the strike of men engaged in the coal trade and attempts to create disturbances are responsible for the practical seizure of the city by troops. It is feared serious trouble will occur before the day is over. As the soldiers are under instructions to fire if mobs become violent, it is feared the day will be marked with much bloodshed.

Yesterday the striking carters caused fresh trouble by breaking off all negotiations to end their dispute with the employers. But today's action in calling out the coal men again has brought matters to a head.

Immediately on leaving work the coal strikers took possession of the streets. Troops were immediately called out. They were roundly abused and hooted at by the strikers, and sympathizers, but no demonstrations were attempted early in the day.

Beveridge-Eddy Wedding.

Berlin, Aug. 7.—Senator Albert J. Beveridge, of Indiana, and Miss Catherine Spencer Eddy, daughter of Augustus Spencer Eddy, were married at high noon today at the American Embassy. The religious ceremony was performed by the Rev. Thomas Hall, of New York.

The ceremony was simple in the extreme. There were no ushers and Miss Eddy had no bridesmaids. John T. McCutcheon, of Chicago, the famous cartoonist, acted as best man to Senator Beveridge. Practically all the guests were relatives of the parties, only a few intimate friends being present. Following the ceremony a wedding breakfast was served at the home of Spencer Eddy, brother of the bride, who is Secretary of the American Embassy in Berlin. Twenty-four guests attended. Every effort was made to secure the utmost privacy of the event.

Officials in Consultation.

New York, Aug. 7.—President Finley of the Southern Railway, his legal advisers, and the road's vice-presidents are in conference here considering plans to meet the situation in Alabama, North Carolina and Virginia, and other southern States in which the company is in conflict with the State authorities.

Montgomery, Ala., Aug. 7.—There is still an acute possibility it will become necessary to call out the militia unless the strained relations are speedily terminated. Serious trouble is bound to arise soon if the difficulty is not settled and to preserve order it will probably devolve upon Governor Comer to order out the soldiers. On the other hand if the Southern takes off its local trains as the order of revocation seems to require, riots and outbreaks on the part of the angry people are almost certain to result. To add to the seriousness of the situation there are rumors of a strike by railroad employes who are getting dissatisfied on account of the protracted dispute.

Modern Lady Godiva.

Coventry, England, Aug. 7.—Clad chiefly in clouds of gauze flowing hair and an alleged suit of flesh-colored tights, a modern Lady Godiva, riding upon a white horse, today is the talk of the whole countryside. The occasion was the revival of the procession, last seen in 1888, in which the famous benefactress of Coventry was the chief object of interest, as she retraced her famous ride through the street. When the revival was planned many insisted that Godiva must appear in her original nudeness, in strict adherence to the tradition. There was a great outcry from the clergy, however, and as a compromise an actress, whose specialty is living pictures, was engaged and clothed herself in tights and gauze. Thus she rode this afternoon and was seen and admired by 80,000 people along the line of the parade.

Suicide of Wife Murderer.

New York, Aug. 7.—After shooting his wife four times, inflicting probably fatal wounds, and attempting suicide by hanging, Victor Linde died today in a hospital. The tragedy occurred early today on the roof of Mrs. Linde's home in east Ninety-sixth street. Linde escaped after the shooting to an adjoining house where he went into the cellar and hanged himself with his belt. He was found by the police, but died soon after reaching the hospital. Linde's attack on his wife was made because she refused to return with him to a salt camp in the northern part of the State.

Plot Frustrated.

Pittsburg, Pa., Aug. 7.—An alleged plot of Chinese highbinders to murder Chinese who refused to pay them money has been frustrated by the police. Yee Tong claims he was ordered to contribute to highbinder funds whose headquarters are in Boston. He refused and warned he would be killed. Yee Tong alleges he was attacked yesterday by Yee John whom he had arrested. He declares his countryman was sent here to carry out the threat of the highbinders to take his life.

Dying from a Fall.

Paterson, N. J., Aug. 7.—With practically every bone in his body broken as the result of a fall of 125 feet Captain "Hi" Wallace, a professional high jumper, is dying in St. Joseph's Hospital today. Wallace was preparing to dive from an aerial platform in Fairyland Park into a life net before a large crowd of spectators. He ascended to the platform safely, but a guy rope broke just as he was about to jump. He was hurled over backwards and landed on his back, 125 feet below.

Advocates Confiscation.

Omaha, Neb. Aug. 7.—Senator La Follette in an interview here advocates the confiscation of trust property for such offenses as the Standard Oil Company was guilty. "The penalty was none too large," he says. "It should have been bigger. As it is now the company will soak the people and they will pay the fine. A fine of one half the company's property for the first offense and the other half for the second offense would make it hesitate before breaking the law."

Killed in Automobile Accident.

Milwaukee, Wis., Aug. 7.—Former Alderman Jos. Kuschbert was killed and three others probably fatally injured today when an automobile containing the four, was ditched at Brookfield corners. It is said the steering gear of the machine became jammed, causing the car to leave the road. All four men were pinned beneath the car.

Rumors of Bribery.

Boston, Aug. 7.—Throughly aroused over rumors of bribery in connection with the recent passage of the $1,600,000 loan bill, District Attorney Moran will today summon before the grand jury all the republicans and anti-democrats to see if there was any money used in securing the passage of the bill.

Forty Years' Imprisonment.

New York, Aug. 7.—Augustus Von Fabrig, leader of a gang of automobile burglars, who terrorized, robbed and drugged wealthy residents of Long Island for several months, was sentenced to Sing Sing prison for forty years today by Judge Jackson in Mineola.

Backing up the Governor.

Montgomery, Ala., Aug. 7.—The House today adopted a resolution strongly backing Governor Comer in his fight with the railroads. The resolution virtually tells the executive to tell the House what he wants and he will get it.

Senator Elected.

Montgomery, Ala., Aug. 7.—Joseph Johnson was elected to the United States Senate by the two houses in joint session. He succeeds Senator Pettus.

New York Stock Market.

New York, Aug. 7.—There was a general improvement in the stock market in the early trading and in the first hour prices of a majority of the issues traded in made advances ranging from fractions to over 1 point until Pennsylvania continued a strong feature. Government bonds were unchanged; railroad and other bonds were irregular.

Riot in a Church.

Youngstown, O., Aug. 7.—A riot is in progress at Saint Anthony's church, in Brier Hill, on account of the attempt of Father Stabile, appointed pastor of the church, to take possession there. A call was sent to the police for help to keep the Italians from doing harm to the new pastor.

Some time ago there was a cessation of the part of the congregation because Bishop Hortmann, of Cleveland, would not permit Father Lops to remain as the pastor. When the new pastor arrived they decided that they would not allow him inside of the church.

Criminally Assaulted.

Dayton, O., Aug. 7.—Dr. A. G. Hockwalt, who made an examination of the organs from the bodies of Anna Markowitz, who was strangled to death Sunday night, and Abe Cohen, her companion, who died yesterday from wounds received at the time the girl was killed, asserts the girl was criminally assaulted before death. Habeas corpus was resorted to by Attorney John Egan today to secure the release of Harry, Jacob and Bertha Markowitz, brothers and sister of Anna Markowitz from the county jail. The prisoners still maintain they know nothing more than they have told.

Darrow Dismissed.

Denver, Col., Aug. 7.—Clarence S. Darrow, leading counsel for Wm. D. Haywood in the trial at Boise has been dismissed from the service of the Western Federation of Miners. He will not appear in behalf of Pettibone, whose trial is set for October 1, nor will he act for Moyer, in the event the latter is brought to trial. E. F. Richardson will succeed Darrow. Darrow's dismissal was confirmed today but the cause of it has not been made public.

Mobbed.

Berne, Switzerland, Aug. 7.—Herr Hnerich Conreid, of the Metropolitan Opera Company narrowly escaped being mobbed when his automobile ran down and killed a peasant near Laschen. A great crowd ofinfuriated men and women gathered about the machine, but an officer arrived in time to prevent an attack upon the famous American director. He gave bond for the chauffeur.

Murder and Suicide.

Charlotte, N. C,, Aug. 7.—Robert Murdock, a policeman, today shot and killed Mrs. Laura Ray and then committed suicide. Murdock had been drinking heavily.

RAILROAD ACCIDENTS.

In a collision of an east-bound local passenger train of the Southern Railway and a west bound freight one mile east of Auburn, N. C., last night, the engineer and fireman of the freight and the fireman of the passenger engine were killed. While a number of passengers were shaken up by the impact, none of them sustained serious injury. The accident was caused by the passenger crew over-looking orders.

Conductor Ben Satterfield, Brakeman W. E. Walton, and Fireman T. J. Daniel, of Richmond, were taken to Richmond yesterday from Westham, seven miles down the James river division of the Chesapeake and Ohio Railway, suffering from cuts and bruises received in a curious wreck there at 9 o'clock Monday night. The freight parted in the middle at the top of a steep grade, and when the engine stopped for water at the foot of the grade the freight cars came down and crashed into the standing portion of the train, causing havoc.

Capt. John T. Tice, a conductor on the Norfolk and Western Railroad, was fatally injured Monday night near Bluefield, W. Va. He was passing over his train from the cab to the engine, and fell from his train, sustaining a fracture of several ribs and internal injuries.

SENT TO GRAND JURY.

When the case of Frank Hitchcock was called at 11 o'clock this morning before Justice Parker in Alexandria county to answer a charge of attempting to criminally assault Mrs. Susie M. Beach, wife of Mr. Reginald Beach, which occurred near Walker Chapel, that county, Attorney R. C. L. Moncure, of the firm of Machen and Moncure, representing the prisoner, announced that his client waived examination and the case was accordingly referred to the grand jury.

Commonwealth's Attorney Crandall Mackey announced that in the event he had a special grand jury summoned to investigate the case he would give counsel for the defense two weeks' notice. Mr. Mackey stated, however, that he did not think it would be necessary unless there was considerable feeling against the prisoner. It is regarded as more than probable that the case will be heard the third Monday in October, which will be the regular grand jury term.

Hitchcock was taken in custody about 6 o'clock yesterday evening at the home of his mother, near Chain Bridge. When Jailor Harry Collins informed him of the charge he appeared surprised. Hitchcock was engaged in chopping wood at the time and had made no effort to escape. He denies the charge.

MORTGAGES FILED.

The Washington, Arlington and Falls Church Electric Railway Company yesterday filed for record in the office of the clerk of the Circuit Court for Alexandria county mortgages to secure Mrs. Lydia Hinchman in the sum of $29,000 and the Western Land Company, with offices in Philadelphia, in the sum of $32,000.

It is stated that the mortgages cover demand notes held by the parties mentioned, and it is pointed out that foreclosure proceedings can be instituted at any time. The mortgages will be filed for record in Fairfax county and in the District of Columbia today, it is understood.

When it became known among the claimants for damages growing out of the wreck at Clarendon on July 3 that the mortgages has been filed, there was some excitement. As a result of the move on the part of the railway company, it was decided that all the attorneys interested will meet at the office of R. C. L. Moncure, on Fort Myer Heights, tomorrow, to consider steps for the protection of their clients.

DEATH OF MRS. HARLOW.

Mrs. Honora Harlow, relict of Michael Harlow, whose critical illness had been mentioned in the Gazette, died at her residence, No. 218 north Fairfax street, at 6:30 o'clock yesterday evening. She was the mother of Messrs. M. B. Harlow, George H. Harlow and John Harlow of this city, Miss Mamie B. Harlow, of this city, and Mrs. Philip Roche, of Washington, D. C. She also leaves fifteen grandchildren and four great-grandchildren. Mrs. Harlow had been an invalid for a number of years, during which time she had remained at her home, where she was often surrounded by three generations whose presence cheered the advanced evening of her life.

NEW WHARF AT FORT HUNT.

The survey work preliminary to the construction of the new pier at Fort Hunt has been completed and the line of the site of the structure has been staked off by the army engineers in charge of the work. The Philadelphia firm having the contract for the new pier has started work on the shore abutment of the new structure. The new pier will be located a short distance to the north of the present pier and will be more nearly opposite Fort Washington. It will be built in the most substantial manner and, like the old pier, will be of considerable length, but in order to make it available for a steamboat landing considerable dredging will have to be done through the Virginia flats in order to bring deep water to it.

CHARGED WITH HORSE STEALING.

A warrant was issued in Alexandria county today for the arrest of Lloyd Nixon on a charge of the larceny of a horse from Thomas E. Sowels. The alleged offense occurred April 3. Nixon was given a preliminary hearing before Justice Thomson in the county on Saturday last on a charge of robbing the office of the stables of Elser M. Palmer of a diamond ring valued at $50 and $40 in cash, together with some checks and notes. The prisoner was held for the action of the grand jury and his bond was fixed at $1,000. Nixon secured a bondsman Sunday and was released. The latter offense occurred June 16.

RESIGNED.

GREATER WASHINGTON BAND AT LUNA PARK.

Recreative Luna Park is proving attractive, not only to Alexandria and Washington, but to those from nearby communities and distant sections of the country. Visitors to the Capital city no longer regard a trip complete without vising Luna Park.

The Greater Washington Band, under the direction of John B. Bovello, began a season of two weeks at Saturday last, and with each concert it gains more popularity, adding fresh prestige to its enviable reputation. Of course, popular music predominates and The Greater Washington Band has a way of playing it that gives it an added charm and dash.

In honor of Fergustinio Macuskaletto, the Italian flag will be waved from the highest point in the park Thursday, August 15th. It will be Italian day at the park, and the aforesaid distinguished gentleman will be in evidence to greet his many friends and admirers. Director Bovello, himself a native of sunny Italy, will outdo himself on this occasion, arranging programs suitable for the occasion.

Another day that promises to afford unlimited amusement, will be "Tickler Day," which is scheduled for Wednesday, August 14th, when an amusing little divice known as a tickler, will be presented to each one passing through any of the park's gates on this, which promises to be one of the gala days of the season.

WOULD DISSOLVE OIL TRUST.

It is announced that Attorney General Bonaparte will cut short his vacation and will be back in his office next Monday. This sudden and unexpected return of the Attorney General to Washington is said to be due to the fixed determination of the administration to fight the Standard Oil Company to a finish. It is pointed out that the fine of over $29,000,000, levied on the Standard Oil Company by Judge Landis, in Chicago, last Saturday was merely an incidental feature of the administration's campaign against Mr. Rockefeller.

The government is little concerned about the collection of this fine. The United States Treasury does not need the money, and the administration does not believe that the Standard Oil magnates will be terrified by the fine into obeying the law. Moreover, the Department of Justice is fully aware of the many possibilities of delay. Mr. Rockefeller boasted a day or two ago that Judge Landis would be dead before the fine would be collected. The Department of Justice, while not agreeing with Mr. Rockefeller on his estimate of Judge Landis' span of life, recognizes that it may be many years before that fine is paid.

But the department is not content with merely levying upon the Standard Oil the heaviest fine recorded in history. It is determined to dissolve the trust itself. Attorney General Bonaparte has instituted in St. Louis, quietly, a suit against the Standard Oil Company which, if successful, will dissolve the trust. The suit has been brought under the Sherman law.

I will mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my Book on either Dyspepsia, The Heart, or The Kidneys. Trouble of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—means Stomach weakness, always. And the Heart, and Kidneys, as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write me today for sample and free Book. Dr. Shoop, Racine, Wis. The Restorative sold by E. S. Leadbeater & Sons.

TRUNK MYSTERY IN PARIS.

A trunk belonging to a man and woman, who arrive in Paris yesterday from Monte Carlo, attracted the attention of the baggagemaster, who caused it to be opened. It was found to contain the body of a woman, cut to pieces. The man and woman owning the trunk were arrested. They had asked that it be forwarded to London.

The couple, who are middle aged and gave the names of Mr. and Mrs. Gold, residents of Monte Carlo, denied that they committed the crime and informed the examining magistrate that they knew the victim only slightly. While the latter was at their home, the Villa Menesimy, on Sunday last, Mr. and Mrs. Gold added, the woman's lover arrived there and blew out her brains. The Golds, fearing they would be compromised, tried to get rid of the corpse. The head and feet were in the Golds' valise and the rest of the body was in the trunk.

The autopsy seemed to upset the story told by the Golds. It was shown that the murdered woman was seized from behind and held while she was stabbed to death. A commission has been sent to Monte Carlo to investigate the crime.

I fully believe Electric Bitters will cure me permanently, for it has already stopped the liver and bladder complications which have troubled me for years." Guaranteed at E. S.
